Kamla Nehru Institute of Child Education   Sultanpur, UP
High School , 83%   *April. 2016 – March 2017*

EXPERIENCE

Cyber Security ⬈   July 23 – Oct 23
IBM SKILLBUILD (Internship)   *India*

- Led the design and creation of Keylogger detection scripts in Python, demonstrating expertise in reverse engineering techniques and contributing to a more secure digital ecosystem.
- Experience in detecting, analyzing, and mitigating potential threats, including proficiency in identifying and neutralizing Keyloggers, contributing to robust Cyber security measures.
- Conducted weekly security operations for phishing alerts, Security Operations Center (SOC) alerts, and 40+ other security events.
- Assisted in the development and implementation of a comprehensive security awareness training program.
- Collaborated with cross-functional teams to investigate and respond to security incidents, including malware outbreaks and phishing attacks, ensuring timely resolution and minimizing the impact on business operations.

Web Development and UI Designing ⬈   Feb 2023 – Mar 2023
OASIS INFOBYTE (Internship)   *India*

- Maintained the current website and added more appealing features.
- Redesigned sections of the website to ensure a more attractive and user friendly experience.
- Created custom HTML emails for clients/in-house newsletters and invitations for distribution to our databases.
- Designed custom graphics.

PROJECTS

E-COMMERCE WEBSITE | *Html,Css,Node.Js, Selenium framework*   May 2023 – Sep 23

- Manage the content creation and listing of products across all marketplace.
- Sourcing of products at best prices.
- Provide solutions to optimize system and improve process.

Automated Ticket Booking Software | *Html,Css,Node.Js, Selenium framework*   Jan 2024 – March 2024

- Designed and implemented a robust Selenium-based automation framework to handle various booking scenarios.
- Integrated features to automatically fill out booking forms, select preferred train and class options, and handle captcha challenges.

TECHNICAL SKILLS

Languages: Python , Java , JavaScript , HTML/CSS
Frameworks: Node.js, Flask, Material-UI, Bootstrap, Selenium framework
Developer Tools: Linux/Unix OS , Google Cloud Platform, VS Code, PyCharm, IntelliJ, Eclipse
Subject Of Interest: Computer Network , Data Structure , Object Oriented Programming (OOPs) , DBMS , SQL , UI/UX Designer

ACHIEVEMENT

Crash Course on Python (Google) - Coursera ⬈
Front-End Developer Professional Certificate (Meta) - Coursera ⬈
